

Dear Citizens of Belfast

Hello my name is Damion Scott Saucier I was in the group responsible for the incident on the morning of August 8th including The Belfast public pool, The park Snack shack, The Dance Hall and McLeod's Furniture.

My Actions on the morning of August 8th 2012 were wrong and shameful, I regret that the destruction of the Belfast pool, Snack shack, The Dance Hall and McLeod's furniture took place. I also realize my actions will not be forgotten with this letter, I hope however that I can show you that I know this was a grievous mistake and not something that will be repeated in the future. I will not make excuses for my actions, I decided to drink, I decided to ransack the city and I will accept any punishment I am given by the court.

I also would like to volunteer on any upcoming projects the city has planned to make up for the damage I have caused. I know what I say will not change the opinions of what I have done but I do plan to do everything in my power to fix the fear and anger I have caused to the people of my city. Further more I have over the past month had much time to think about what has occurred, I believe full heartedly if the city of Belfast does not do something to keep youths entertained things of this same nature are bound to happen again.

True there is The Game Loft and Skate Park where teens can go to gain a social belonging, but The Game Loft as great as it is will never be for everyone and the Skate Park as it is just promotes bad behavior and drugs. To change either of these places to suit everyone would outcast the youths already there, so I propose a new more recreational place centered in Belfast for anyone under 21.

I am not suggesting something that would bankrupt the town, a simple two-three room place would suffice. This would include a lounge area for homework, socializing, and possibly media entertainment. A room for games like pool tables, foosball, air-hockey and arcade games. Last but not least an optional third room for a store, to bring a little revenue in and keep this place open. I know the profit is in keeping our beautiful city in tip top shape and one way to help along the way is to keep our restless youths who couldn't give a care about the beautiful, peaceful, environment of Belfast entertained and off the streets where they will cause trouble for themselves and others.

So in conclusion I take full responsibility for my actions, I also hope I have given you the People something to think about so incidents like this do not happen in the future, Thank you.
