

Hello,

My name is Tim Carroll and I am running for the Office of Sheriff for Knox County. I've had the privilege of serving under Sheriff Donna Dennison as her Chief Deputy for the past 7+ years. She is retiring at the end of this year, her 3rd term, after 27 years of service to Knox County. I believe Knox County is the greatest place on earth to live and raise a family and I want to ensure that the people of Knox County feel safe doing so.

My decision to campaign for Knox County Sheriff comes from a strong desire to serve people. I look forward to enhancing the level of professionalism and dedication of law enforcement and corrections that serve all of the residents of Knox County. If I am chosen as your Sheriff, my commitment to serve will translate into the mission I will set for the Knox County Sheriff's Office. We need a mission that puts citizens first and makes our county safer.

Good law enforcement requires exceptional service with a common sense approach. Enforcing law has never been black and white. I have tried to be fair with every encounter I have handled over 24 years of law enforcement service. Every interaction is an opportunity to enhance the quality of life for a citizen. Leadership that fosters a spirit of knowing when to be firm and when to be compassionate, would be one of my priorities as sheriff.

Good correction opportunities require that programs are in place to address the needs of the residents housed in the Knox County Jail. Over 80% of the population currently housed there is due to some form of addiction. I want to partner with local organizations and care providers to help those curb their addiction to reduce the recidivism rate that would cost less to the taxpayers.

I was born here in Camden and returned back to start my career in law enforcement on my 21st birthday freshly out of college as a Police Officer for the City of Rockland. I have a strong communication with the community of Knox County and it would be an honor to be your Sheriff. I humbly ask for your vote in the upcoming polls.
