**Statement in support of my application to be a member of the search committee for a Town Manager.**

I have been a resident of Rockport for 16 years and have some understanding of how the Select Board and the town manager interface, I have during my working life a lot of experience of reviewing resumes and recruiting staff. I also was on a search committee once before when as a Board Member we looked for a new Headmaster for the International Scholl in Belgium, I will be back in Rockport on The 22<sup>nd</sup> of February and will not be taking any extensive travel for a month or so, I have been reluctant to offer my services to the town because I like to travel for extended periods. If the Select Board have questions I would be happy to answer them by e mail.

The Rockport Select Board

P.O.Box 10, Rockport, Maine 04856

To the Board:

Diane Hamilton sent me an email the other day suggesting that if I was not going to be at the meeting Thursday evening that I should send a brief statement as to why I should be on the search committee for the next Town Manager.

I was born in our Family Homestead in this town on the western end of Tolman Pond in 1933. I have lived my whole life here since, w/exception of three years in the military from 1952 through 1955. I was educated in the Rockport Schools and the University of Maine.

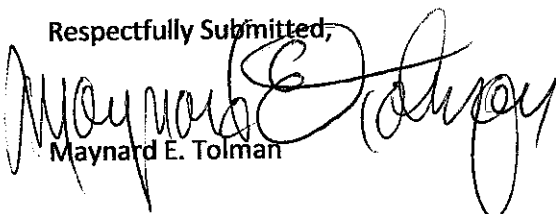

I went to work for my father part time in 1947 and took over the family business in 1966. I retired after the death of my son when I was eighty years old and after 67 years in the business it became more than I could keep up with daily.

I have served three years on the Rockport Select Board, three years on the SAD 28 board of Directors, three years on the Camden Hospital board of Directors finishing that stint on the Pen Bay Board when the Camden and Rockland Hospitals merged to form the Penobscot Bay Medical Center and a member of the Vestry at St Thomas Church for approximately 10 years.

I have served over 30 years on the Rockport Building Committee, many years on the Budget committee, three times on a Search Committee for town manager, all of which were very successful, Search committee for Chiefs of Police, also successful, one of three people responsible for the Rockport Marine Park, a member of a committee that managed to keep the sewer treatment plant off the water front by the Rockport Boat Club, a member of the committee that helped the towns of Rockport and Camden form our School District, and many other committees through the years. Also myself and a couple of my friends designed, constructed and donated the first Foot Bridge to cross Goose River after being absent for many years.

We have Children living here in town, three of which own their own business's, Grand Children, some, if all goes well, soon to have their own business's and many Great Grand Children. Because I am concerned for their future and that of the Town of Rockport is why I feel qualified to become a member of a Search Committee for the new Town Manager.

Respectfully Submitted,

  
Maynard E. Tolman
