PASTE PAPERING WORKSHOP

Adults and Teens

Saturday, 14 November 2026, 10:00-1:00

Participant cost: \$10

Workshop facilitator: Argy Nestor meartsed@gmail.com

The Hope Library is offering a hands-on Paste Paper workshop taught by Union artist Argy Nestor, whose artwork has recently been on display at the library. Participants will learn the basics of paste papering—a historical bookbinding technique used to apply decorative motifs to endpapers and book covers. The process involves spreading a colored, paste-based mixture onto paper and using various tools to manipulate the surface, creating unique patterns and textures. Play, experiment, and watch the magic unfold! Create vibrant, textured paste papers ideal for bookbinding, collage, and greeting cards. Participants will make several unique papers and a small book to take home. Papers and book sample, top of page.

All basic supplies provided except a *bone folder*. Optional: bring some texturing tools such as—sponges, combs, or scrap plastic—to make your designs truly unique. Class size is limited to 10, first come, first serve.

Registration by November 1st is required to plan and prepare materials. please email Elizabeth at ectbeehive@yahoo.com. Upon registration, further details will be sent.

No previous knowledge or experiences are necessary.
